## Short Description

---

Caution Sign - Slippery Surface Sign

## Description

---

- Used to warn that a floor surface is likely to be slippery and may be hazardous if caution is not taken.
- Commonly found in warehouses and facilities that use oils or lubricants, or in areas that regularly have wet floors.
- Features black wording and border over a bright yellow background.
- Available in a wide range of AS1319 compliant sizes and materials to suit any requirement.
- Caution signs should be placed either in advance of, next to and/or on the relevant hazard.
- Positioning and [sizing](#) of this Caution sign must comply with Australian Standard AS 1319-1994.
- Please note, Australian Standard AS 1319 states that caution sign cannot be used to warn of a hazard that is likely to be life-threatening (we recommend using a danger sign instead).
