

Caution Sign - Biosecurity

Product Images

Short Description

Caution Sign - Biosecurity

Description

- Used to indicate areas where goods subject to biosecurity control are stored, handled, treated or inspected, to indicate a potential

risk to nearby people.

- Commonly found in hi-visibility positions on gates or doors leading to any area that is subject to biosecurity control.
- Features black wording, symbol and border over a bright yellow background.
- Available in a wide range of AS1319 compliant sizes and materials to suit any requirement.
- Caution signs should be placed either in advance of, next to and/or on the relevant hazard.
- Positioning and [sizing](#) of this Caution sign must comply with Australian Standard AS 1319-1994.
- Please note, Australian Standard AS 1319 states that caution signs cannot be used to warn of a hazard that is likely to be life-threatening (Bronson Safety recommends using a danger sign instead).
