

Portable Fire Extinguisher Trolley

Product Images

Description

This is the perfect solution for any situation where a permanent fire extinguisher cannot be mounted, such as construction sites, mines, fetes, carnivals, open-air concert venues etc.

- This system allows fire extinguishers to be easily moved to higher risk activities, so they are readily available whenever required.

- This Portable Fire Extinguisher Trolley is capable of **carrying up to two 9L or 9kg extinguishers**.
- It is built to last using heavy-duty materials including solid rubber tyres.
- Particularly convenient on construction sites to allow extinguishers to be easily moved when changing sites during construction.

***Please note: Fire Extinguisher AND Fire Extinguisher Sign are NOT included. (Sign Size is 225mm x 150mm sold separately)**
