

Fold Down Parking Protector Bollard

Product Images

Description

Secure your parking space from illegal parkers by using a Fold Down Parking Protector. Suited for private car parking spaces, loading zones and restricted areas that require vehicle access.

- The preferred bollard by body corporates and building managers who need control of multiple bollards.

- Designed with an **internal key-lock system**.
- Conveniently supplied with two keys. Additional keys are available, sold separately.
- **Bollards are 'keyed alike'** to eliminate the need for multiple keys and separate padlocks when numerous protector bollards are used.
- Heavy Duty powder coated yellow over steel construction for indoor or outdoor environments.
- Low profile Base Plate: 80mm high - suitable for even low vehicles when the bollard is folded down.
- Dimensions: Width 150mm x Depth 50mm x Height 800mm.
- Yellow Class 1W Reflective Tape for added visibility at night and includes rubber stoppers to prevent damage.
- Suitable for 100mm x 500mm vinyl signage - sold separately.
- Four bolts required for mounting.
- **Bolts supplied separately. We recommend the A4468 Sleeve Anchor Bolts for concrete and the A4918 Hilti Anchor Bolts for bitumen applications.**
