Short Description

Uvex Profi Ergo ENB20 Safety Gloves

Description

The thick special NBR coating of the uvex profi ergo is resistant to oil and grease. The high-quality cotton interlock lining provides high wearer comfort, feels pleasant against the skin, and provides optimum regulation of the glove climate.

- Cotton interlock safety glove with NBR coating for universal use
- Very good grip in damp, wet and oily areas
- Good dexterity
- Ergonomic fit
- High flexibility
- Very good wearer comfort due to perspiration absorption of the cotton lining
- Alternative glove for people who have issues with synthetic knitted gloves (i.e. skin irritations)
- EN388:2016 (2121X)
