

## High Density FlexiPoly Bollard 144mm

### Product Images

---

### Description

---

Reduce damage to vehicles and prevent damage to racking, stock and other assets. Unique flexible design means the bollard returns to its vertical position after impact.

Product Notes:

- Manufactured from high-density polyethylene.
- These bollards will flex when impacted.
- Suitable for high impact areas.
- Can replace the sleeve as a separate component.
- The PE Sleeve fits securely into the steel base for both flexibility and effectiveness.
- Bolt on design easy to install and ideal for permanent or temporary applications.
- Manufactured from high-density polyethylene available in high visibility safety yellow.
- Bolts not included.
- Colour: Yellow
- Height: 1200mm
- Diameter: 144mm
- **Bolts Not Included - 8 x bolts required. We recommend the A4916 Hilti Anchor Bolts for both concrete and bitumen applications.**

\*Bulky Item. Shipping charges apply.
