

Drums - Up Junior

Product Images

Description

These Drums - Up Juniors provide your workplace with temporary protection against incidental barrel spills.

- Allows you to control nuisance spills from drums sized up to 205-litre.
- The sump catches liquid before it reaches your floor.

- Reduces the risk of slip and fall injuries.
- Ideal for use as a drum pumping station.
- 2 sizes as listed below:

1. Capacity: 28.5L
Height: 190mm x Diameter: 540mm
Weight: 1.8kg
2. Capacity: 75L
Height: 190mm x Diameter: 860mm
Weight: 2.8kg

**Bulky item. Shipping charges apply.*
