

Secure Cord (Black)

Product Images

Description

The Secure Cord new product secures wires and cables to carpeted areas reducing the possibility of tripping or falling.

- Secure Cord grips so tightly to all loop pile carpeted surfaces that it won't be dislodged by commercial cleaners or vacuums.
- Sleek one-piece construction gives Secure Cord a professional appearance suitable for boardrooms and offices.

- Tough polymer construction means it will stand up to tougher applications including job sites and construction zones.
- Can be rolled up and reused thousands of times without reduction in performance.
- 3 sizes available: 2m, 10m and 25m (25m roll comes in a handy box).
- Colour: Black
