

Air Grid Anti-Fatigue Mats

Product Images

Description

Ultra-comfortable anti-fatigue mat, ideal for demanding work areas.

- Hardwearing non-slip surface designed for dry or wet areas.
- Drainage channels and small drainage holes keep the surface of the mat dry to prevent slips.

- Manufactured using 50% nitrile rubber providing oil and grease resistant properties.
- Suction cups on the underside assists the mat's adhesion on wet or dry floors.
- Bevelled edges on all sides prevent trips.
- Edges are available in black or high visibility yellow.
