

Reflective Fabric Tapes - Sew On

Product Images

Description

Bronson Safety's Sew-on Fabric Reflective Tapes are manufactured from quality fabric and are Level 2 certified with the American National Standards Institute (ANSI). Suitable for applications onto clothing worn by construction workers, equipment operators, miners and other professions requiring high visibility and safety of their personnel. Our sew-on reflective tape fabric is soft and supple and will survive repeated machine washes at warm temperature settings (up to 40 Celsius).
