

Base Plate

Product Images

Description

- Base Plate for 60mm ODI Pole & Bollard
- Simply bolt plate to concrete and slide pole in.
- Fixing the pin will ensure the pole is held solidly in place and can be easily removed in case the pole is damaged.
- The sleeve Height of the Base plate is 200mm high
- We recommend the [A4468 Sleeve Anchor Bolts](#) for concrete and the [A4918 Hilti Anchor Bolts](#) for bitumen applications
